

## AOChem Nutritional Ease-All Spray

1. Please Fix the spelling of the word "Tired" (kulo mbhalo oSLidayo)
2. In the case of the inflammation, blockage or nasal contamination, this spray acts as an antibiotic and laxative to ease all tensions also clears out bacteria, allowing for smooth breathing...

### Benefits:

- Sinuses.
- Mild-Piles / haemorrhoids.
- Flu.
- Severe blocked nose.
- Mild-rash.
- Mild-skin allergy.
- Bad-mouth odour... + AOChem Tea because the rot could be emissions from your gastric-Juices that inhale the rot in your stomach as a result of many factors e.g., smoking, medication, poor diet, constipation or some of cancer formulation
- Mouth-ulcers (lacerations, tongue-burns). - IF severe
- Mild Ear-pain. + AOChem Oils (1 droplet in the affected ear)-If severe
- Tonsils... + AOChem Nutritional tea – if Severe
- Athletes (spray in the mouth and nose)-for longer duration since the spray opens up airways...+ AOChem nutritional spray (Keeps your skin hydrated cells hydrated ensuring your skin paws suck and release oxygen and nutrients like a V2 Turbo, also protects you from the sun burn...." Spray on your face, calves and hammies & slot back in your running vest pocket".
- Asthma.
- Bleeding nose (Caused by popped/burst veins, lack of nutrition and sometimes blowing the nose too hard blows up the nasal-veins)- too much pressure exerted.
- Swollen Eye Bags... + AOChem oils (If severe)

### Directions of Use

1. Shake Vigorously before Use.
2. Spray 2 times on your left and right nasal (inside the nose).
3. Spray 2 times on both your eyes (open or closed), I promise it doesn't burn like a fire-bomb sweet. (Especially sinus patients).
4. Spray 2 times in both-ears, tilt your head so the Spray-juices penetrate inside.
5. Spray on the tongue and all corners of the mouth (left, right, centre, back, up, down, north-pole and south-pole.
6. Spray directly on mild-piles(haemorrhoids) or any affected area.
7. Spray in the morning and afternoon.
8. Chronic patients must treat the spray like an antibiotic and spray 3-4 times a day. (Do not wait for bacteria to irritate you, HIT it even when it's asleep).

### Description.

The Ease-All spray is filled with natural nutrients that enhance laxatives in the respiratory-system, creating a safe-haven for oxygen to enter and leave the lungs. AOChem has added some strong natural antibiotics that eat away inflammation. Imagine this: "You pump the bacteria with laxatives, inducing it to relax from spreading, then you blast it with antibiotics which kills the cells of the bacteria. Herbs with a lot of herb-Potassium and vitamin-K are also used to speed up the recovery process. Electrolytes therefore come as a sweeper with the herb-lithium that induces functionality.
