- Hair Growth
- Hair-Fungus
- Hair-food.
- Shine
- Flexibility
- Softness

Directions for use:

- SHAKE VIGOUROUSLY before use.
- Spray on affected areas (hair/head or beard).

Description:

Primarily stems from AOChem patients that suffer hair dysfunction (also cancer survivors), the head area is a very delicate place because it a very vital organ that is there, any movement that happens around the head-area is very lenient and gentle, in order to not disturb the nervous system. Therefore, hair recovery takes longer and needs to be accompanied by other products like the AOChem oils and AOChem tea.
