- The Tea just has so many benefits, its not for ‘Unwell’ individuals only but it’s also a tea that has purifiers (natural antibiotics) that protect us from all the processed foods, medication we consume on a daily basis. (I explained more under ‘cancer home visit treatment’, have a read on the website)- where AOChem (Dr Msomi) Dives in the chronic side of things and engages them in a very unorthodox manner. (Have fun on the website)

### Directions of Use (Tea)

1. (Enhancing)-Drink 2 spoons in the morning before/after meal and 2 spoons at night before bed.
2. (sickness)-If suffering from Acute/chronic disease (have the tea as an antibiotic). 2 spoons, atleast 3 – 4 times a day, after every six hours (The very same way you drink antibiotics from the doctor).
