- Dark inner thighs and dark spots.
- Vaginal refresher (spray directly on the vaginal area) it also acts a nutritional disinfectant.
- Males to spray around the entire penis area. (Disinfecting and enhancing nutrition) – 'wink'
- Skin-tan (vitamin E) and other nutrition for pigmentation health and durability.... + AOChem Oils.
- Can be used as a whole-body skin-care treatment to: initiate, maintain and enhance good healthy skin.

Directions for use:

- Shake VIGOROUSLY before use.
- Apply on affected areas.

Description:

Immaculate for skin-cell hydration, great for sores that refuse to heal.

Sores like that, mainly come from the rotten(dead) cells and dead-veins like a diabetes-sore or those black spots that form on the legs on some patients with anaemia (PH Imbalance results to poor circulation- in a nutshell). A combination of the skin spray, oil and tea will definitely deal with circulation and production of blood in the body. NB: Nutrition needed.
