

AOChem Spirit Cleanser/Ihlamba & PROTECTOR:

Benefits:

- Cleanses your energy.
- Keeps away people with bad-energies (evil intentions)
- Protects you from bad luck.
- When herbs are
- When herbs are used in spiritual treatment they work in a very mysterious way, they connect with your spiritual guides acting as enhancers for them to be able to evade things like danger e.g., ever heard a story that when an individual had just left a place 2 minutes ago and 3 bad guys came in and did bad things. Herbs increase that alignment(ukuqondana) when something bad is about to happen to you, your spirit guides are able to connect quicker for your safety and you always evade danger, but in times of winning, herbs enhance spiritual guides to align you in places of success and GROWTH. (Dual-form).
